Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Interview primarily focused on after-final remarks regarding the examiner's final rejection based on the combination of King, Jr, with Pejchar. After reviewing applicant's comments, the examiner indicated that such a combination with respect to Claim 2 did indeed lack proper motivation with regard to the placement of the dangling ornament. Examiner stated that as a result, with an official response to said final rejection, prosecution would be reopened. This is, however, no indication of allowable subject matter with regard to claims 2 and 11. Prosecution will simply be reopened, and further search and examination will occur with respect to all claims.
